## STEP 5: PREPARE YOUR SAMPLE

1. **Fill out request form.** Make sure to fill out all sections. (*see front page*).
2. **Collect sample** in the **bags provided** using safe sampling methods.
3. **Seal airtight** by firmly pressing edges of ziplock bag.
4. **Place** the smaller sample bags **into the larger zip lock bag** and place this **into the postage satchel**.
5. **Include this** completed request form inside the postage satchel.
6. **Send REPLY-PAID satchel via Australia Post Express Post.** (*YELLOW Post Box or at the counter of your local AUSPOST outlet*)
7. **Keep** the yellow sticker with the **Australia Post Express tracking number**. This will help keep track of the package, should the delivery take longer than expected.
8. Make sure to **send the samples as soon as possible** (*preferably the same day*) If this cannot be done keep the sample in a cool, dry place, but **DO NOT refrigerate** as it will destroy the chance to conduct larvals.

## STEP 6: SUBMIT YOUR TEST

- I understand that the results will be dependent on a range of factors including the collection of the sample, packaging and timely dispatch.
- I acknowledge that Dawbuts Pty Ltd is not liable for any loss incurred for delay in processing or testing of the provided samples.

Sign the dangerous goods declaration sticker on the REPLY PAID envelope and put me in the EXPRESS POST either in a yellow post box or at the post office counter.
